PRODUCT RELEASE

SEE DELMHORST AT THE 2004 AIHce!

Stop by booth 1310 at the AIHce Convention in Atlanta, GA, May 10- 12 for a demonstration of Delmhorst's BD-2100 moisture meter. This meter is the perfect tool for Restoration contractors, Mold remediation specialists, Certified industrial hygienists and Facilities managers to detect excess moisture and prevent mold growth.

Features:

- Digital readout
- Three scales:
 - **Sheetrock Scale - 0.2%-50% moisture range**
 - Wood Scale - 6% to 40% moisture range.
 - Reference Scale - reads from of 0 to 100 on a relative basis.
- Averages up to 100 accumulated readings
- Set-point alerts you to when a pre-selected MC is reached
- Connector to attach #21-E or 19-E/STC electrodes
- One year warranty

“For nearly 60 years, we have provided the industry with the highest quality moisture meters. We are pleased to offer a meter that gives the moisture content percentage in Sheetrock. This meter will help prevent the possibility of mold growth by detecting excess moisture, notes Paul Laurenzi, Vice President -- Sales and Marketing at Delmhorst.”
