## ***PRODUCT RELEASE***

**Delmhorst's J-2000 Package** - Cabinetmakers, woodworkers and craftsman know that excessive moisture can cause major problems in their finished product. Delmhorst offers the J-Series wood moisture meters to locate moisture before it affects the quality of your product. The J-2000 meter incorporates an advanced micro controller circuit, and offers you the high degree of accuracy and reliability you have come to expect from Delmhorst. The J-2000 package includes the meter, carry case and 26-ES slide hammer.

### **J-2000 Meter Features:**

- Micro controller circuit
- Corrects for 48 individual species and temperature (°F and °C)
- Averages up to 100 accumulated readings
- Measures moisture content over the range of 6% to 40%
- Connector for an external electrode
- One-year warranty

**“For nearly 60 years, we have provided the industry with the highest quality moisture meters. We are pleased to offer three wood moisture meter solutions for any budget that are a superior value, notes Paul Laurenzi, Vice President -- Sales and Marketing at Delmhorst.”**
