August 2004 – FOR IMMEDIATE RELEASE

The New RDM-3 Wood Moisture Meter by Delmhorst – Available September 2004

Delmhorst Instrument Co. announces a brand new meter for the lumber and woodworking industries. The newly designed RDM-3 moisture meter will make its debut at IWF 2004. This handheld meter is packed with features. New innovations include: full onscreen reading recall with date and time stamp, job grouping, graphical display, easy to navigate menu options, customizable auto-shut off, optional infrared linkage to a PC or laptop, optional application software program and great looking two-tone case with rubber grip handle. Stop by booth 3420 in Atlanta for a demonstration of this exciting new product as well as our other wood meters.

Outstanding features:

- 6-80% MC range
- Built in comprehensive wood species
- Built in temperature correction
- Connector for external electrode
- 0.1% MC resolution
- 9V battery
- Carrying case included

“Delmhorst Instrument Co. has manufactured moisture meters for nearly 60 years. We are excited to offer a cutting edge meter for the Lumber Industry and we are certain the RDM-3 will take its place as the industry leader, notes Paul Laurenzi, Vice President -- Sales and Marketing at Delmhorst.”
